

# IN-FIT

## EXERCISE POOLS

by L.A. Spas

**Built in the USA Since 1976**  
Sold in 37 countries around the world

A woman with blonde hair in a ponytail, wearing a red one-piece swimsuit, is sitting in a hot tub. She is smiling and holding two purple dumbbells. A red resistance band is attached to her back and is anchored to the edge of the hot tub. The hot tub is outdoors on a wooden deck, with a large house and green lawn in the background.

# welcome home

In-Fit Exercise Pools are designed to improve the quality of your everyday life. Whether you are an aspiring athlete or simply want to increase your flexibility and endurance, you and your family will thrive together in an In-Fit Exercise Pool.

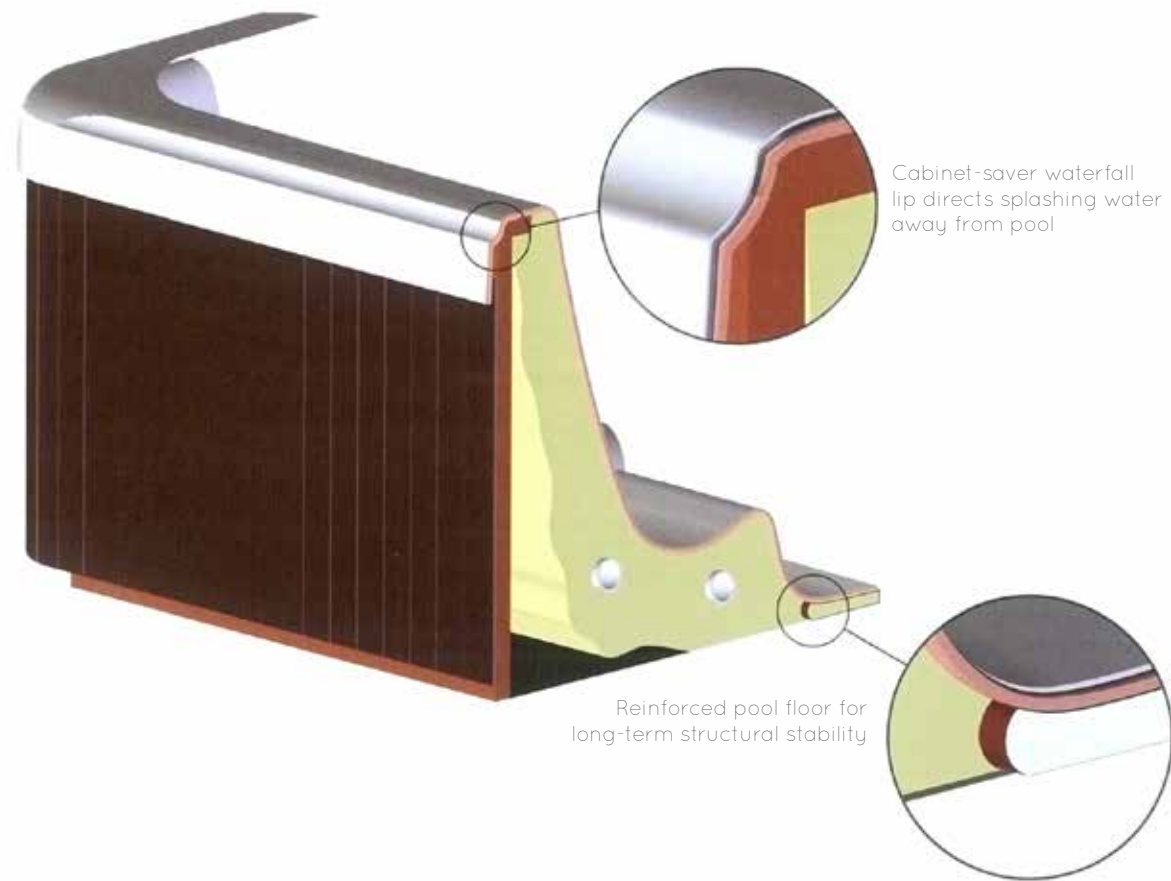

Accessibility is the key to integrating a fitness program with your life. Imagine it: an aquatic gym at your home, ready for use 24/7. No drive to a weight room; no line for equipment; no wait for a swim lane. Now slip into the temperature-ready, crystal clear water of your In-Fit.

Start with a leisurely warm-up swim or row workout, or hit the high switch and go for it! No matter what your level, once the In-Fit becomes part of your routine, you'll find yourself pushing a little harder and feeling better month after month. And don't forget to wind down with a hydro-massage. Let our pulsating jets soothe away the remaining cares of the day.

# built to be the best. built in the USA.

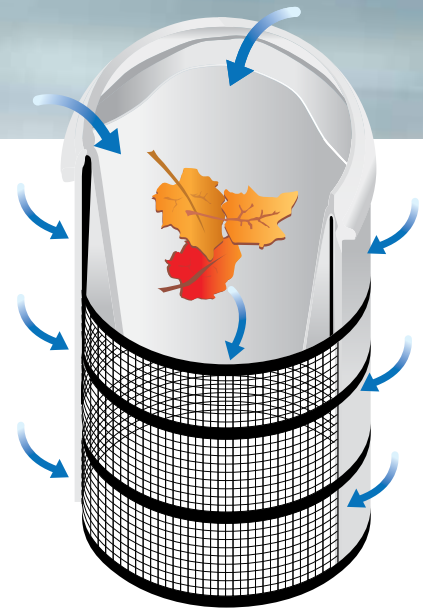

Established in 1976, L.A. Spas has for almost four decades designed and built beautiful, long-lasting products which are sold around the world. Our polybond construction method employs a triple-layer composite of a cast acrylic surface, strengthened by vinyl ester and polyester resin laminates. Bonding these elements together creates a super tough, durable interior. The interior is cradled by a heavy duty sub-frame which provides long term structural support. We stand behind our pools with an extensive manufacturer's warranty.

aqua klean®

In-Fit Exercise Pools are easy to install and maintain. You may enjoy your first swim just 24 hours from initial delivery. Our water management system uses Aqua Klean® filtration with an ozone mixing chamber to keep your water crystal clear. Made without pleats, innovative Aqua Klean filters are machine washable and provide the most cost-effective method on the market for maximizing water filtration.

wellness

## HOW WILL YOU BENEFIT FROM ROUTINE USE OF AN IN-FIT EXERCISE POOL?

- increased energy during the day
- **reduction in stress levels**
- better muscle tone
- more results in less time
- improved mood
- relief from type 2 diabetes symptoms
- respite from arthritis pain
- **RESTFUL SLEEP AT NIGHT**

# swimming and exercise options

Aquatic exercise is the best possible way to get fit while avoiding stress on joints and bones. Variety is the spice of life and the main attraction of an In-Fit Exercise Pool. Three In-Fit models come equipped with our truly unique leveler jet paired with a swim light. Installed in the floor of the spa, the leveler jet is designed to stabilize the swimmer. Coupled with a tiled swim lane marker and swim channel LEDs, the leveler jet enables a longer, more enjoyable workout for swimmers of every skill level. In-Fits also offer:

- Adjustable river jets and swim in place technology for beginner through advanced swimmers
- Swim tether system to provide increased resistance or to support a novice swimmer
- Grab bar to facilitate kick routines and leg lifts
- Rowing seat and equipment to work your core, shoulders and arms
- Resistance bands to support 90 different exercises.

**While specific features vary slightly by model, you'll find every In-Fit loaded with possibilities.**

# On every In-Fit Exercise Pool

## WATER MANAGEMENT

- Aqua Klean® filtration
- Corona Discharge (CD) with Mazzei® injector
- Exclusive ozone mixing chamber

## COLD WEATHER PACKAGE

- Therm-Rite® insulating 5" locking cover
- Foamed cabinet interior lined with Antarctic foil wrap

# Options

**BLUETOOTH AUDIO SYSTEM.** Includes Bluetooth compatible main controls, luxurious dual glide-up speakers, and subwoofer. This system allows you to operate any Bluetooth compatible device or system from your In-Fit's main control panel. With your iPod® or MP3 device, you set the mood by transmitting your audio collection through the In-Fit's high quality speakers and subwoofer. Or enjoy the audio from a radio or television broadcast by tuning in through your home's Bluetooth-enabled receiver.

**IN.TOUCH®** State of the art technology to manage your In-Fit from your Apple® or Android™ device. The in.touch® app is available in two versions: in.touch home utilizes your home network; in.touch® world allows you to use the internet anywhere in the world to control your In-Fit.

**THREE-TIERED WOOD STEPS** Color-matched to In-Fit cabinet; select 48" or 60" width.

## WARRANTY

L.A. Spas has been building superior products and providing exceptional customer care since 1976. We confidently provide an industry-leading manufacturer's warranty which includes coverage of the interior shell's structural integrity for 15 years.
