

my mirage™

My Mirage™ is uniquely distinct from the average spa – just admire its seductive curves. The body-form lounge is higher than most to allow me to catch some fresh air while I soak. The deep therapy seat accesses the footwell jets while neck jets simultaneously soothe my aching shoulders. Plus, I can choose from a couple of other positions in which to relax my body and mind.

It's not a dream, it's my Mirage™.

MY POWERSHIFT™ THERAPY SYSTEM

PowerShift™ Therapy allows me to operate all the jets in the spa simultaneously without the loss of power. Dual zone controls are easily operated via a jet selector. I simply turn the selector to choose which area of the spa I want to activate – I can enjoy invigorating jet action while my spa partner can choose to soak in calm water.

MY COMFORT CONTROL SYSTEM

The waterproof Comfort Control panel features temperature, light, settings control and convenient soak timer. Maintenance reminders are displayed on the LCD read-out to indicate when it's time to clean the filters or change the water. Settings lock keeps my temperature, filtration and heat settings safe, secure and tamper-proof.
